

Le Petit Prince

Written by Antoine de Saint-Exupery

This book helps you understand life.
This is one of the books I would like to
read repeatedly .

Grown-ups never understand anything by themselves, and it is exhausting for children to have to provide explanations over and over again.

If you tell grown-ups, "I saw a beautiful red brick house with geraniums at the windows and doves on the roof...", they won't be able to imagine such a house. You have to tell them, " I saw a house worth a hundred thousand francs." Then they will exclaim, "What a pretty house!"

One sees clearly only with the heart.
Anything essential is invisible to the eye.

What is essential in your life?
