

**Things that can't be said in a few words,
can't be expressed even with a million words.**

Chinese proverb

When I read a book written by Bruno Munari,
I came across this Chinese proverb.
Bruno said , `` It is easy to make things
complicated ,however it is not easy to make
things simple.
To simplify is a proof of intelligence.``
I agree with this idea.

(Bruno's phenocopy)
